

What is this course about ?

In this course, I will teach you some of the Techniques, ways, procedures, strategies in layman language, and most simple video structure format with live sessions included on "PRICE ACTION" I will cut out the noise you see in the market, for example, one says to buy when RSI IS ABOVE 60, one says BUY on crossovers, one says BUY or SELL when this or that breaks the trendline, well SAY "NO" to such people who knows too little to do anything in the market, I will teach you the proper way starting from basic concepts to the place where you can take trades and even participate in healthy Market conversations between pro traders. This course is about learning PRICE ACTION and applying it in real-time with the right way of execution. This course is about adding value to your KNOWLEDGE BASE in the area of TECHNICAL ANALYSIS, and A knowledgeable person is the one who knows best about making a living out of their gained knowledge.

Why should you TRUST me or TAKE this course ?

Am I your relative? Am I your lover? Why are you listening to me and taking this course then? Blind trust is what I despise, never BLINDLY trust anyone in this world, especially those who are selling something to you; test them, just like you used to try a lot of chemicals in your LAB, back in school, so push me :)

Now the right question here is how to trust you, Apoorv?

I provide "FREE" Late night analysis videos on TRADING VIEW where more than 3500 follows me and increasing daily, now try to trade those strategies and notions I give there; if you can, then this course is for "YOU," but we were talking about TRUST, keep a log of how many trades are getting +ve after activation.

Now, 2nd thing for TRUST between you (A genuine buyer of my course) and ME(seller of the system), I created this open challenge into the market on my telegram to convert my 1.2L into 2.4L (double) in front of you, with the same strategies and techniques I teach in my course and give live sessions on, now by this transparency you will be able to get some idea about my VISION for my company, HASHTAG HAMMER, thus creating a knot between you and me, an influx of strength in our TRUST, well I don't know how much time it will take? I don't care; I care more about doing right with the people I am selling this course.

Lets say you are in love with my analysis, its style, and want to learn, then what is the framework, of course?

As soon you pay for the course on my site WWW.hashtaghammer.com, the site will direct you to a page where you will get a bunch of videos; these are recorded videos and contain 30 hours + material (starting from basics to the TOP, HOW TO TAKE TRADES on your own and become an independent trader. As my team members make the site, thus I will get a notification telling me that you have joined our TRADING GANG.

Therefore I will add you to 3 different groups. The relevance of these groups will be on the next page.

I take live sessions, every Saturday, one to one live sessions, where I teach something that I went through the whole week, might be something new or abstract; after I am done telling, I take doubts, for the same and for any other problems too that you might be facing, live session starts from 9 PM. It might end near 12mid night, or even 1 AM sometimes.

Crux: You get 30 hours + material on the same site where you will pay; you will get live sessions every SATURDAY. I will add you to 3 different groups.

Why addition in 3 different groups ?

1st group in which I will add you after paying on my site (www.hashtaghammer.com) for the course will be Priority group (+ve psychology group, here we all discuss charts, doubts, problems in mindset, we praise each other's profits and if big lose done then that person is our priority to motivate them to not to make the same mistakes again, this way we create a positive vibrance in our community, the primary purpose of this site is to give the right mentality and psychology, we also discuss our personal lives there sometimes, crack jokes too, you might be thinking, what is all this is this some entertainment group, no, not at all, but yes happiness and stying in your right mind, if this is what it takes, Our team gives it to you :)

2nd GROUP : (#CHARTS): here, we provide only charts; YOU will be posting your charts, only charts and no chat here (STRICT)

3rd GROUP (CHANNEL): I will also add you to a PRIORITY CHANNEL !! Why? As to give you guys my charts and potential trade setups as taught in the course, here only I will be allowed to post charts, and you will not be able to post here :)

Three groups that might change your way of trading equities :)

By the end of this course

By the end of this course, you will be able to take trades, cutting all the noise of "CALL providers" being in 1000 different groups, some saying buys this some phrase sell that, you will be able to TRADE on your terms, See there is a very famous quote by JACK MA, overnight success might hit, but after doing handwork of years and years, so this course is not the ending of Technical analysis for you, neither for me, as I have just begun my journey in the realms of PRICE ACTION and TRADING, by the end of this course, I am sure about one thing that you will be able to tell what's right, what's wrong, you will have your trading style, you will have a system to trade, edge of that system is sharpen when you work hard on your terms, HARDWORK is the key and being DISCIPLINE with this state of mind. You will be able to take charge of your trades, isn't it a beautiful thing to even imagine.

PRICING | COURSE DURATION and WHAT HAPPENS after it ?

Pricing is 2500 RS for two months.

I will give you two months to complete 30hours of recorded material, attend all the live sessions in these two months and stay in the groups, all three of them. Firstly, don't use the term, Will I be removed or kicked from the group, as I find it disrespectful; I am no one to kick you guys out from anything, you all are my family, but yes, the procedure will be an auto expiration from everything, if you still want some more time to finish everything you can contact me, I will try to provide you some more days(around 3-4 days) to finish up the backlogs.
